

# Graphic Design Syllabus

## Description

This course will focus on becoming acquainted with graphic design techniques, principles of page layout and design, and photo editing. Various software, including Adobe Photoshop and Adobe Illustrator, will be used in this course.

## Course Outline

Unit 1: Photoshop Basics

Unit 2: Intro to Design Elements

Unit 3: Font Portfolio

Unit 4: Logos and Ads

Unit 5: Photoshop Movie Posters

Unit 6: Adobe Illustrator

## Class Website

We will be using a class website that can be found at this address and through a link on our school's website:

<https://sites.google.com/site/stoutsshs/graphicdesign>

You do need to have a Google account that we will set up, in order to be able to access our site since I have the site security as private. The following information will be available on the site:

- A detailed course outline with ALL assignments
- My contact information
- Calendar that details when assignments are due

## Open Lab

I am available to open the lab at lunch and after school. You must let me know ahead of time if you will need the lab during these times, so I can open it for you.

## Grades

Your grade will be determined through the following:

- In class assignments/tutorials
- Quizzes
- Projects
- Final at end of Semester
